

Affirmative Action Plan for the Recruitment, Hiring, Advancement, and Retention of Persons with Disabilities

To capture agencies' affirmative action plan for persons with disabilities (PWD) and persons with targeted disabilities (PWTD), EEOC regulations (29 C.F.R. § 1614.203(e)) and MD-715 require agencies to describe how their affirmative action plan will improve the recruitment, hiring, advancement, and retention of applicants and employees with disabilities.

Section I: Efforts to Reach Regulatory Goals

EEOC regulations (29 CFR §1614.203(d)(7)) require agencies to establish specific numerical goals for increasing the participation of persons with disabilities and persons with targeted disabilities in the federal government

1. Using the goal of 12% as the benchmark, does your agency have a trigger involving PWD by grade level cluster in the permanent workforce? If "yes", describe the trigger(s) in the text box.

- | | |
|--------------------------------|------------|
| a. Cluster GS-1 to GS-10 (PWD) | Answer Yes |
| b. Cluster GS-11 to SES (PWD) | Answer Yes |

PWD in the GS-1 to GS-10 cluster was below the 12% benchmark for representation at 11.37% for FY 21. GS-11 to Senior Level both was below the 12% benchmark for representation at 6.53% which is an improvement from 6.33% in FY 20.

*For GS employees, please use two clusters: GS-1 to GS-10 and GS-11 to SES, as set forth in 29 C.F.R. § 1614.203(d)(7). For all other pay plans, please use the approximate grade clusters that are above or below GS-11 Step 1 in the Washington, DC metropolitan region.

2. Using the goal of 2% as the benchmark, does your agency have a trigger involving PWTD by grade level cluster in the permanent workforce? If "yes", describe the trigger(s) in the text box.

- | | |
|---------------------------------|------------|
| a. Cluster GS-1 to GS-10 (PWTD) | Answer No |
| b. Cluster GS-11 to SES (PWTD) | Answer Yes |

PWTD in the GS-1 to GS-10 Cluster was above the 2% benchmark for representation in FY21 (2.84%). For FY 2021 the Smithsonian workforce at the GS-11 to Senior Level was 1.84% PWTD.

Grade Level Cluster(GS or Alternate Pay Planb)	Total	Reportable Disability		Targeted Disability	
	#	#	%	#	%
Numarical Goal	--	12%		2%	
Grades GS-1 to GS-10	2146	244	11.37	61	2.84
Grades GS-11 to SES	2985	195	6.53	55	1.84

3. Describe how the agency has communicated the numerical goals to the hiring managers and/or recruiters.

The Director of the Office of Equal Employment and Supplier Diversity (OEEED) meets with Smithsonian Senior leadership individually on a quarterly basis to provide updates on units under their purview and progress towards model EEO program implementation. These quarterly briefings include updates on workforce demographics and how snapshots of their workforces align with CLF data in terms of representation. The EEO Director highlights opportunities for improvement, which includes echoing the numerical benchmarks put forth by the EEOC regarding the employment of PWD and PWTD as appropriate.

Section II: Model Disability Program

Pursuant to 29 C.F.R. § 1614.203(d)(1), agencies must ensure sufficient staff, training and resources to recruit and hire persons with disabilities and persons with targeted disabilities, administer the reasonable accommodation program and special emphasis program, and oversee any other disability hiring and advancement program the agency has in place.

A. PLAN TO PROVIDE SUFFICIENT & COMPETENT STAFFING FOR THE DISABILITY PROGRAM

- Has the agency designated sufficient qualified personnel to implement its disability program during the reporting period? If “no”, describe the agency’s plan to improve the staffing for the upcoming year.

Answer Yes

- Identify all staff responsible for implementing the agency's disability employment program by the office, staff employment status, and responsible official.

3. Has the agency provided disability program staff with sufficient training to carry out their responsibilities during the reporting period? If “yes”, describe the training that disability program staff have received. If “no”, describe the training planned for the upcoming year.

Answer Yes

During FY 2021 the Office of Equal Employment and Supplier Diversity, in collaboration with Access Smithsonian and the Office of Human Resources delivered a webinar entitled Equal Opportunity for Individuals with Disabilities at the Smithsonian Institution. The webinar provided information to employees, supervisors and affiliated persons across the Institution regarding policies, practices and procedures that impact EEO for individuals with disabilities. Topics covered included: o Section 501 of the Rehabilitation Act of 1973 o Reasonable Accommodation Process o SD214 (Equal Employment Opportunity Program) o SD215 (Accessibility for People with Disabilities) o Utilization of Special Hiring Authorities § Schedule A § Veterans Preference During FY 2021, Access Smithsonian trained multiple SI units' staff, volunteers, and interns on inclusive customer service, best practices, access services, and disability awareness. Sessions covered all disability related laws as applied to the Smithsonian

B. PLAN TO ENSURE SUFFICIENT FUNDING FOR THE DISABILITY PROGRAM

Has the agency provided sufficient funding and other resources to successfully implement the disability program during the reporting period? If “no”, describe the agency’s plan to ensure all aspects of the disability program have sufficient funding and other resources.

Answer Yes

Section III: Program Deficiencies In The Disability Program

Section IV: Plan to Recruit and Hire Individuals with Disabilities

Pursuant to 29 C.F.R. §1614.203(d)(1)(i) and (ii), agencies must establish a plan to increase the recruitment and hiring of individuals with disabilities. The questions below are designed to identify outcomes of the agency’s recruitment program plan for PWD and PWTDD

A. PLAN TO IDENTIFY JOB APPLICATIONS WITH DISABILITIES

1. Describe the programs and resources the agency uses to identify job applicants with disabilities, including individuals with targeted disabilities.

The Smithsonian Institution continues to have a presence at recruitment/outreach events that target PWD and PWTDD to include in FY21: Early Career and Internship Fair hosted by American University. Several colleges and universities participated in the event including Johns Hopkins University, University of Maryland, George Washington University, Georgetown University, American University, Howard University and Catholic University. In September of 2013, the Smithsonian Institution, SEEC (Seeking Employment, Equality and Community), and the Ivymount School launched a replication of Project SEARCH for young adults who have developmental disabilities. Additional partners include the Maryland Developmental Disabilities Administration, DC’s Rehabilitation Services Administration, and the Maryland Department of Rehabilitation Services. Project SEARCH is a 10-month

internship program for young adults with cognitive disabilities, which is sponsored by Access Smithsonian. Interns engage in 3 10-week internships during their tenure to increase their job readiness skills. In addition, interns gain experience in other job development areas, such as resume writing, interviewing and professional workplace behavior. Each year the Smithsonian hosts 10-12 interns. To date, SI has hired 27 interns with a 94% retention rate, further diversifying SI's workforce. In FY 2021 OEESD participated as a panelist for the online discussion "Going Beyond the Curatorial Ranks: How do museums diversify our staff to expand and change the dominant narrative?" This resulted in numerous aspiring young professional women with disabilities learning the Smithsonian is a place where they too can succeed and find careers or academic appointments. The Institution continues to encourage the use of hiring authorities that allow the noncompetitive appointment of individuals with disabilities, such as Schedule A. The Smithsonian American Art Museum (SAAM) continued their America InSight: Verbal Description Tours program. These staff led tours for individuals who are blind or have low vision highlight collections through rich verbal description and sensory experience. The National Museum of American History provided visual descriptions for all the exhibition's media. Of special note—and with support from Smithsonian Accessibility Innovation Fund—we are developing strategies for describing large-scale, immersive media experiences that have multiple images on multiple display surfaces in multiple locations simultaneously. Expert users will play a key role in developing descriptions, user interfaces, and navigation strategies. During FY 2021 the Office of Equal Employment and Supplier Diversity, in collaboration with Access Smithsonian and the Office of Human Resources delivered a webinar entitled Equal Opportunity for Individuals with Disabilities at the Smithsonian Institution. The webinar, offered in FY 2021 provided information to employees, supervisors, and affiliated persons across the Institution regarding policies, practices and procedures that impact EEO for individuals with disabilities. Topics covered will include: o Section 501 of the Rehabilitation Act of 1973 o Reasonable Accommodation Process o SD214 (Equal Employment Opportunity Program) o SD215 (Accessibility for People with Disabilities) o Utilization of Special Hiring Authorities § Schedule A § Veterans Preference

2. Pursuant to 29 C.F.R. §1614.203(a)(3), describe the agency's use of hiring authorities that take disability into account (e.g., Schedule A) to recruit PWD and PWTD for positions in the permanent workforce

The Smithsonian uses a variety of appointing authorities to hire job applicants to include a special Schedule A (5 C.F.R. 213.3102(u)) appointing authority for persons with qualifying Intellectual Disabilities, Severe Physical Disabilities, or Psychiatric Disabilities. Disabled veterans may also be considered under special hiring programs for veterans with disability ratings from the Department of Veterans Affairs of 30% or more. The Smithsonian fills positions two ways, competitively and non-competitively. All persons who are selected for positions must meet the qualification requirements for which they have been selected and be able to perform the essential duties of the position with or without reasonable accommodation. These positions are posted on the USAJOBS.GOV federal employment portal and other various recruitment outlets as deemed feasible/appropriate by the Institution/Unit/Museum. These candidates are considered solely based on their credentials submitted against the job requirements. The non-competitive process is engaged when a manager has identified a PWD and a position which are compatible. At that point, the recruitment package is prepared and submitted to the Office of Human Resources and processed accordingly.

3. When individuals apply for a position under a hiring authority that takes disability into account (e.g., Schedule A), explain how the agency (1) determines if the individual is eligible for appointment under such authority; and, (2) forwards the individual's application to the relevant hiring officials with an explanation of how and when the individual may be appointed.

An individual hired under this authority (Schedule A) must be ready to perform the job for which they are being considered. This certification is a statement that the individual is likely to succeed in the performance of the duties of the position for which he or she is applying. For instance, the certification of job readiness for an individual applying for a position as an Administrative Assistant or an Accountant may state that the "individual is likely to succeed performing work in an office environment." This certification of job readiness may be obtained from the same individuals that provided the proof of disability. The certification may be on the same documentation as the proof of disability or it may be a separate document. (1) The agency determines if the PWD is eligible for appointment under such authority by verifying the Schedule A documentation for job readiness is acceptable from the following entities: a licensed medical professional (e.g., a physician or other medical professional certified by a state, the District of Columbia, or a U.S. territory to practice medicine); a licensed vocational rehabilitation specialist (i.e., state or private); or any Federal agency, state agency, or agency of the District of Columbia or a U.S. territory that issues or provides disability benefits. The HR office reviews the resume of the PWD against the classified position description along with the needs of the organization/unit/museum. This information is verified thoroughly prior to being presented to the hiring manager for position compatibility. (2) Once this process is solidified by the HR Specialist, the documentation is then forwarded to the manager to review the credentials of the PWD, interview, and assess the overall qualifications of each qualified candidate. In addition, requests for reasonable accommodations are processed according to the Smithsonian's procedures. Such accommodations may include the following

examples: providing or modifying equipment or devices; providing readers and interpreters; modifying work schedules; adjusting exams, training materials, and position reassignment. An explanation of how and when the PWD may be appointed is provided to each manager at that time. The manager may receive the PWD application via several ways: on a merit promotion certificate or using a standard email system as a password protected document.

- 4. Has the agency provided training to all hiring managers on the use of hiring authorities that take disability into account (e.g., Schedule A)? If “yes”, describe the type(s) of training and frequency. If “no”, describe the agency’s plan to provide this training.

Answer Yes

The Smithsonian provides a Fundamentals for Supervisor Training on various human resources topics, including hiring persons with disabilities. This training is offered 3 to 4 times per year by the Office of Human Resources (OHR) to all new managers and supervisors. This training is a rigorous 8-hour training class which lasts 3 days by which attendance is mandatory for all 3 days in order to receive a certificate of completion. This training also provides an opportunity for managers and supervisors to discuss in detail all phases of human resources, especially how to recruit using special hiring authorities. The Office of Equal Employment and Supplier Diversity participates and responds to questions about the reasonable accommodations process for individuals with disabilities. Participants receive a binder of appropriate literature and are given contact information for future reference. The Smithsonian also requires mandatory in-person and refresher EEO Training for Managers and Supervisors. The in-person session for new supervisors is offered 4 to 5 times per Fiscal Year and the refresher training (required every three years) is available online. Both cover the applicable authorities (i.e. ADA, Section 501 of the Rehab Act of 1973) that take disability into account. During FY 2021 Access Smithsonian staff trained multiple SI units' staff, volunteers, and interns on inclusive customer service, best practices, access services, and disability awareness. During FY21 Museum Reopening Accessibility Training was provided to new and returning staff at NMNH on how to engage with visitors with disabilities within the context of the current pandemic.

B. PLAN TO ESTABLISH CONTACTS WITH DISABILITY EMPLOYMENT ORGANIZATIONS

Describe the agency’s efforts to establish and maintain contacts with organizations that assist PWD, including PWTD, in securing and maintaining employment.

During FY 2021, the Smithsonian Institution continued its efforts to establish and maintain contacts with organizations that promote and assist PWD and PWTD in securing and maintaining employment. Some of the Smithsonian’s most noteworthy accomplishments in this area during FY 2021 can be found below: Project SEARCH: In September of 2013, The Smithsonian Institution, SEEC (Seeking Employment, Equality and Community for People with Developmental Disabilities) and Ivymount School launched a replication of Project SEARCH for young adults who have developmental disabilities. Additional partners include the Maryland Developmental Disabilities Administration, DC’s Rehabilitation Services Administration, and the Maryland Department of Rehabilitation Services. Project SEARCH is a 10-month internship program for young adults with cognitive disabilities, which is sponsored by Access Smithsonian. Interns are immersed in 3 10-week internships during their tenure to increase their job readiness skills. In addition, interns gain experience in other job development areas, such as resume writing, interviewing and professional workplace behavior. Each year the Smithsonian hosts 10-12 interns. To date, SI has hired 27 interns with a 94% retention rate, further diversifying SI’s workforce. Greater Washington Internship Coalitions: As a member of the GWIC, Access Smithsonian is dedicated to increasing the number of internship and educational opportunities for individuals with disabilities at SI and in the community. The GWIC meets quarterly. Members regularly participate in outreach events such as affinity-group conferences and internship/career fairs in Washington, DC to promote SI academic programs to diverse audiences

Section V: Plan to Ensure Advancement Opportunities for Employees with Disabilities

Pursuant to 29 C.F.R. §1614.203(d)(1)(iii), agencies are required to provide sufficient advancement opportunities for employees with disabilities. Such activities might include specialized training and mentoring programs, career development opportunities, awards programs, promotions, and similar programs that address advancement. In this section, agencies should identify, and provide data on programs designed to ensure advancement opportunities for employees with disabilities.

A. ADVANCEMENT PROGRAM PLAN

Describe the agency’s plan to ensure PWD, including PWTD, have sufficient opportunities for advancement.

The Smithsonian monitors applicant and selection criteria for career development programs. Access Smithsonian works to ensure the broadest inclusion, in part by implementing Smithsonian Directive 215 that covers accessibility for people with disabilities, including staff. Access Smithsonian also does a significant amount of training for Smithsonian staff about accessibility and disability. Access Smithsonian also works directly with individuals in the disability community as well as groups such as the American Association of People with Disabilities; with other cultural arts institutions such as the Kennedy Center; and with organizations such as the HSC Foundation (a parent organization that supports different levels and stages of care for people with disabilities) to identify opportunities to better serve PWD and PWTD.

B. CAREER DEVELOPMENT OPPORTUNITES

1. Please describe the career development opportunities that the agency provides to its employees.

PROGRAM OVERVIEWS: Emerging Leaders Development Program (ELDP) is a leadership development program for employees who are competitively selected at the GS/IS 11-12. The purpose of this program is to develop a diverse team of employees to be creative and effective “leaders on the line” by developing their leadership and interdisciplinary skills throughout Smithsonian. Palmer Leadership Development Program (PLDP) is a leadership development program for employee who are competitively selected in grades GS13 and 14. The purpose of this unique program is to strengthen a participant’s leadership skills, foster an innovative culture, to increase his/her professional network, and expand the use of organizational best practices. The PLDP goal is to enhance the participant’s understanding of the complexities and breadth of the Smithsonian mission while preparing him/her to address new challenges. Foundations of Professional Development is a professional development program for Smithsonian staff targeting grades 7, 8, 9, and 10. With potential future demographic shifts towards a less experienced workforce, there is a need to create an inclusive pipeline of talent, to encourage retention and to instill a culture of continuous learning as early as possible.

2. In the table below, please provide the data for career development opportunities that require competition and/or supervisory recommendation/ approval to participate.

Section VI: Plan to Improve Retention of Persons with Disabilities

To be model employer for persons with disabilities, agencies must have policies and programs in place to retain employees with disabilities. In this section, agencies should: (1) analyze workforce separation data to identify barriers retaining employees with disabilities; (2) describe efforts to ensure accessibility of technology and facilities; and (3) provide information on the reasonable accommodation program and workplace assistance services.

A. VOLUNTARY AND INVOLUNTARY SEPARATIONS

1. In this reporting period, did the agency convert all eligible Schedule A employees with a disability into the competitive service after two years of satisfactory service (5 C.F.R. § 213.3102(u)(6)(i))? If “no”, please explain why the agency did not convert all eligible Schedule A employees.

Answer No

This deficiency was addressed during the Institution’s Technical Assistance Visit by the EEOC and the Smithsonian outlined steps being taken to ensure timely conversions moving forward; EEOC representatives agreed. In summary, the Office of Equal Employment and Supplier Diversity coordinated this effort with our Office of Human Resources. We notified the appropriate unit HR liaisons and providing lists of eligible employees and a reminder that EEOC requires the Smithsonian to report annually on the conversion of Schedule A employees. Through our collaborative efforts the Institution worked diligently to ensure eligible Schedule A employees were converted and that resulted in 22 eligible employees being converted during FY21. Additionally, OEESD, in collaboration with Access Smithsonian and the Office of Human Resources delivered a webinar entitled Equal Opportunity for Individuals with Disabilities at the Smithsonian Institution. The webinar provided information to employees, supervisors and affiliated persons across the Institution regarding policies, practices and procedures that impact EEO for individuals with disabilities to include the importance of timely Schedule A conversions. As a result the number PWD and PWTD needing to be converted continues to drop.

2. Using the inclusion rate as the benchmark, did the percentage of PWD among voluntary and involuntary separations exceed that of persons without disabilities? If “yes”, describe the trigger below.

- a. Voluntary Separations (PWD) Answer No
- b. Involuntary Separations (PWD) Answer Yes

Involuntary separations for PWD were at 14.5%

Permanent Workforce: Retirement	105	1.57	1.75
Permanent Workforce: Other Separations	68	2.15	1.03
Permanent Workforce: Total Separations	320	6.85	5.15

3. Using the inclusion rate as the benchmark, did the percentage of PWTD among voluntary and involuntary separations exceed that of persons without targeted disabilities? If “yes”, describe the trigger below.
- a. Voluntary Separations (PWTD) Answer No
 - b. Involuntary Separations (PWTD) Answer Yes

3 of 10 PWTD who separated were separated involuntarily, which exceeded that of persons without a targeted disability.

Separations	Total #	Targeted Disabilities %	Without Targeted Disabilities %

4. If a trigger exists involving the separation rate of PWD and/or PWTD, please explain why they left the agency using exit interview results and other data sources.

SI has continued to use exit surveys This multi-unit effort will assist the Institution to identify retention related triggers. Exit surveys allow the Smithsonian to continue its efforts in making EEO, diversity and inclusion a top priority and all levels.

The Institution recruits students, selects candidates from applicant pool, secures internship placements, and evaluates results from intern and mentor feedback. • The Smithsonian provides a Fundamentals for Supervisor Training on various human resources topics, including hiring persons with disabilities. This training is offered 3 to 4 times per year by the Office of Human Resources (OHR) to all managers and supervisors. This training is a rigorous 8-hour training class which lasts 3 days by which attendance is mandatory for all 3 days to receive a certificate of completion. This training also provides an opportunity for managers and supervisors to discuss in detail all phases of human resources, especially how to recruit using special hiring authorities. Fiscal Year	Accomplishment
	<ul style="list-style-type: none"> • During FY 2021, The Smithsonian Institution continued its efforts to establish and maintain contacts with organizations that promote and assist PWD and PWTD in securing and maintaining employment. Some of the Smithsonian’s most noteworthy accomplishments in this area during FY 2021 can be found below: • Project SEARCH: is a 10-month internship program for young adults with cognitive disabilities, which is sponsored by the Accessibility Program. Interns in 3 10-week internships during their tenure to increase their job readiness skills. In addition, interns gain experience in other job development areas, such as resume writing, interviewing and professional workplace behavior. Each year the Smithsonian hosts 10-12 interns. To date, SI has hired 27 interns with a 94% retention rate, further diversifying SI’s workforce. • Smithsonian Accessibility Innovation Funds: Managed by Access Smithsonian, all Smithsonian units were invited to submit a proposal on developing, implementing, and evaluating innovative solutions to make SI accessible to all visitors. Proposals were reviewed by a selection committee with representatives from multiple Smithsonian units and museums, and the Institute for Human Centered Design. • Greater Washington Internship Coalitions: As a member of the GWIC, the Access Smithsonian is dedicated to increasing the number of internship and educational opportunities for individuals with disabilities at SI and in the community. The GWIC meets quarterly. Members regularly participate in outreach events such as affinity-group conferences and internship/career fairs in Washington, DC to promote SI academic programs to diverse audiences • Smithsonian Accessibility Network: Access Smithsonian staff coordinated the formation of the Smithsonian Accessibility Network in collaboration with educators and staff from around the Institution to promote accessibility best practices, provide staff training, and encourage community partnerships. The network hosts bimonthly workshops and training opportunities. • Employment Working Group: Access Smithsonian staff served on the Employment Working Group steering committee, which is led by the National Youth Transition Center. The EWG is comprised of 7 community organizations. The EWG will be creating training materials for businesses on how to provide accommodations for employees with disabilities and how to overcome unconscious bias when hiring. • Operation Warfighter: Operation Warfighter (OWF) is a Department of Defense internship program that matches qualified wounded, ill and injured Service members with non-funded federal internships for them to gain valuable work experience during their recovery and rehabilitation. This process assists with the Service members’ reintegration to duty, or transition into the civilian work environment where they are able to employ their newly acquired skills in a non-military work setting. The Smithsonian Institution participates in this program through regular attendance at OWF internship fairs at Walter Reed and Ft. Belvoir. • Kennedy Krieger Institute; The Smithsonian’s National Museum of Natural History partners with this organization to bring aboard students with various disabilities to gain valuable work and volunteer experience in a professional museum setting.

4. Please explain the factor(s) that prevented the agency from timely completing any of the planned activities.

The Institution continues to embrace EEO diversity and inclusion in all aspects of our operations. Many of the identified triggers and barriers require ongoing efforts to continue each fiscal year and we are encouraged to see improvements as each year passes. The Smithsonian will continue working towards meeting all benchmarks for PWD and PWTD and we thank the EEOC for their continued support

5. For the planned activities that were completed, please describe the actual impact of those activities toward eliminating the

barrier(s).

Planned activities for FY 2022 will be analyzed and reported on the FY 2022 MD-715 report.

6. If the planned activities did not correct the trigger(s) and/or barrier(s), please describe how the agency intends to improve the plan for the next fiscal year.

Planned activities from previous reports have yielded improvements throughout SI's workforce. Planned initiatives to include the formation of a Disability Affinity Group in addition to an increased focus on disability inclusion will only amplify the progress the Institution strives to make.
